people I am serving, which would be of so much benefit and stimulation to me.

"To my deep regret, I find that I must again give the idea up.

"The questions which come to me every day, many of them questions of the utmost delicacy and involving many critical matters, convince me that it is not right for me to absent myself from Washington for more than a day or two at a time while the war continues. Questions concerning our dealings with other governments, in particular, it is impossible for me to deal with by telegraph or at a distance from the many sources of information which exist only here. I should feel myself an unconscientious public servant If I yielded to my wish in this matter and took any chance of neglecting even for a short time things that must be decided promptly and in the presence of all the facts. promptly and in the presence of all the (Signed) "WOODROW WILSON."

## SENATOR FERNALD LEADS NEWBERT IN MAINE VOTE

Election of Governor Milliken in Doubt. Returns Favor McGillleuddy for Congress.

PORTLAND, ME., September 2.—
United States Senator Bert M. Fernald. Republican, will defeat Bilmer E. Newbert, Democrat, by a substantial margin, it was indicated to-night by the returns from 100 of 620 precincts. Indications also are that Governor Carl E. Milliken has run far behind his ticket, and that his election is in doubt. If Milliken had to depend solely upon the rural districts he would have won handsomely, for in the agricultural districts he was well supported. But in the twenty cities of the State he was heavily cut by the voters. The election of three Republican Congressmen seems assured—Louis B. Goodall, John A. Peters and Ira G. Mersey. But in the Second District ex-Congressman Daniel J. McGillicuddy, Democrat, and Congressman Wallace H. White, Republican, are running neck and neck. Lewiston, the largest city in the district, is expected to throw a big margin to McGillicuddy.

The city vote is nearly normal, but that in the country districts shows a decrease of about 25 per cent as compared with last year.

To the south the French are only a short distance west of St. Quentin and are at the gates of La Fere. On this last-named sector the French daily are enlarging their turning movement against the St. Gobain forest, the conquest of which would remove the greater barrier to an allied advance in force eastward toward Laon in an outlanking movement against both the Aisne and Chemin-des-Dames positions of the enemy.
